Flyfishing for Coarse Fish Dominic Garnett

Downloaden und kostenlos lesen Flyfishing for Coarse Fish Dominic Garnett

Format: Kindle eBook

Kurzbeschreibung

There has long been a divide between flyfishing and coarse fishing - but there is no reason for it! Over 3 million people in Britain fish one way or the other - and there is growing interest in combining these two major areas of the sport. * Existing flyfishers looking for a fresh challenge are already exploring the fun and fresh possibilities of new species. * Coarse anglers are discovering the advantages of catching their favourite species in this exciting and intimate way. The reasons are simple enough: virtually any fish will take a fly, you can see it 'as it happens' and the fight of a fish on a flyrod is nothing short of sensational. This book shows you how to flyfish for each different species: the techniques, the flies, the tackle. Flyfishing for Coarse Fish will appeal to: * fly and coarse fishers wanting to try something new. * those wanting to introduce coarse fishing youngsters to the art of flyfishing, at a fraction of the cost. * those living in areas where flyfishing would not otherwise be available, or at such an affordable price. Pressestimmen

'Dom Garnett proves that fly-fishing isn't just for toffs.' Angling Times Kurzbeschreibung

There has long been a divide between flyfishing and coarse fishing - but there is no reason for it!
